

Summer Meeting

**Saturday 14 June,
2pm for 2.30pm**

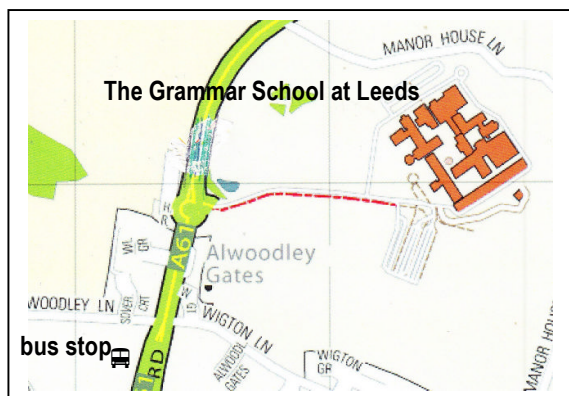

**at the Music Centre,
The Grammar School at
Leeds**

**"Art and Mathematics
- oil and water?"**

David Knapp
University of Leeds

By popular request David Knapp will be giving another of his illustrated talks on the connections between Art and Mathematics.

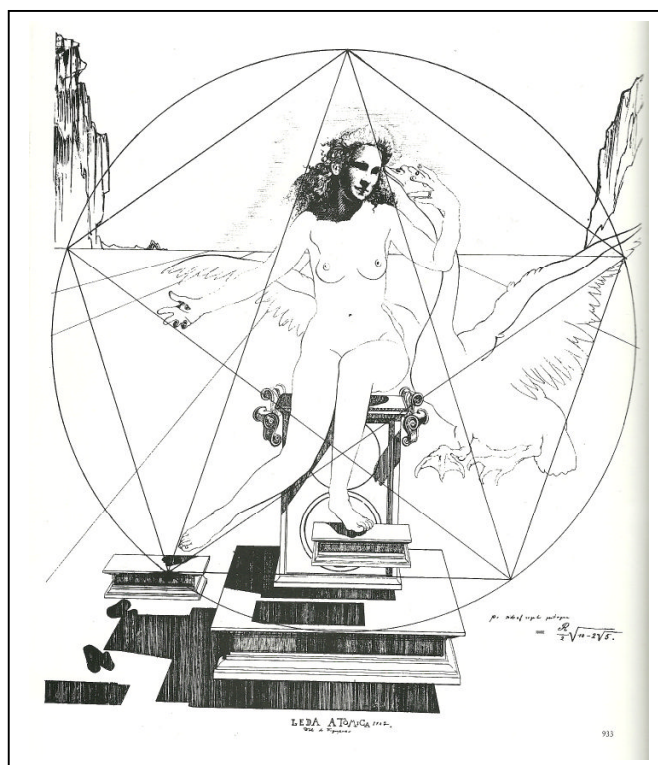

The Grammar School at Leeds is on the A61 Leeds-Harrogate Road, just beyond the Alwoodley Lane/ Wigton Lane crossroads. (Satnav: LS17 9NA).

The number 36 Leeds-Harrogate bus runs every 20 minutes from the Leeds bus station. You are advised to get off the bus at the stop just before the Alwoodley Lane traffic lights. Allow about 20 minutes to walk from the bus stop to the school buildings.

Refreshments will be available from 2pm, and the talk will begin at 2.30pm.

Why not bring a friend or colleague to this meeting – we will be very pleased to see you!

This drawing, by Salvador Dalí, is one of the works that will be discussed in David Knapp's talk.

The equation in the bottom right of the drawing is
 $p = \text{side of regular pentagon}$

$$= \frac{p}{2} \sqrt{10 - 2\sqrt{5}}$$

Congratulations

We are very pleased to congratulate Alison Parker on the birth of her daughter, Miranda Rose Pinto, in April.

Alison is the organiser of the Mathematics Masterclasses that the YBMA runs in collaboration with the School of Mathematics at the University of Leeds.
